TBHC Obedience/Rally Trials 2023

Plans have already begun for the next all breed obedience/rally trials in May of 2023, Jeanne is working on judges. The grounds are reserved.

Judge Nominations for 2023 Specialties:

Sweepstakes –

Dr. Lisa Costello – Lisa lives in Colorado Springs and is a breeder of Whippets. She is interested in getting licensed for Bassets, has attended seminars and has made an effort to learn about the attributes of the Basset Hound. Having her judge our sweeps would help her get licensed. She's a knowledgeable hound person who would do a good job for us.

Regular classes -

Joani Rush – Joani is a breeder from northern California and has never judged our specialty before. She and husband Jerry have a long history in Bassets under kennel name Pinedell and she has the experience and knowledge to do a good job for us.

Randy Fredericksen: He and wife Penny are from Texas and have bred and shown Bassets for over 30 years – American Basset Hounds. Randy recently got licensed to judge Bassets. He knows the breed very well and would do a good job evaluating.

Claudia Orlandi and Guillermo Gonzalez are both licensed to judge Bassets and are breeders under kennel names Topsfield and Lebrera. Claudia headed up Basset Hound University for BHCA and has been active in both conformation and field for years. Guillermo runs a Basset pack in Spain and both spend time there as well as in Vermont.

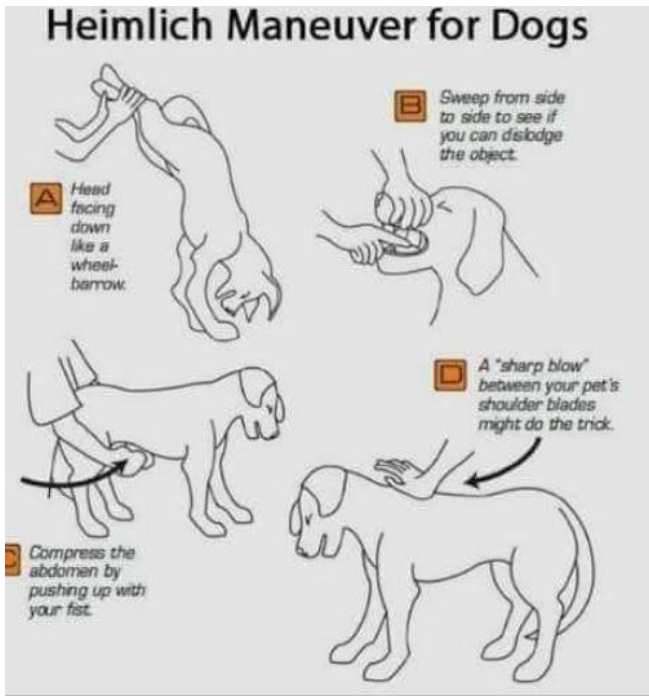

Melody Fair: Melody is a club member and has not judged our specialty for a long time. She and husband Roy have had Fairhaven Bassets for many years and are active in several show and performance venues.

Nominations are open through August 30. Voting in September. Please send nominations to Carol at bristleconeassets@yahoo.com
