

Please plan to attend Timberline Basset Hound Club's **annual meeting** and election on Sunday, March 27, 2022. 1 p.m. at Red Lobster Restaurant, Northfield Shopping Center. Please RSVP so we can get enough space for everyone. Now that COVID restriction are lifted we can hold a real meeting! All are welcome, new ideas for the club are welcome and there is room for all of us at the Red Lobster. Come join us to visit, talk dogs and enjoy each others company.

+++++

Officer and Board Nominations for 2022

President: Mishka Killgore
 Vice Pres: Jeanne Dietrich
 Secretary: Betty Pearce
 Treasurer: Carol Makowski

Board members through 2024
 Cindy Underhill, Marilee Epperson

Board members through 2023
 Malina Dorchak

Since Mishka will be moving up to President from board member, we have a Board vacancy that needs to be filled.

Please remember to send dues for 2022 to Carol at 9007 Tahoe Lane, Boulder, CO 80301. Thank you!

If my Basset makes you uncomfortable I'd be glad to lock you in another room or the garden (??) It's a little chilly this time of year but you'll be fine.

BLUE POWER EAR WASH

EFFECTIVE HOME MADE EAR WASH THAT WORKS!! The Blue Power Ear Wash solution is formulated from three ingredients that, when combined, have been found to be effective in treating canine ear infections. It is not effective for use with obstructions and should not be used if the dog has a punctured or ruptured ear drum. As with any solution, Blue Power can cause deafness or permanent damage to the ear structure if used with a damaged ear drum. Blue Power is made by mixing

16 ounces of isopropyl alcohol,
 4 tablespoons of boric acid powder and
 8 drops of gentian violet solution

A flexible plastic squeeze bottle, such as a hair dye bottle, should be used to store and dispense the solution. The solution must be shaken prior to each use, to ensure that the ingredients are properly mixed. Blue Power is used by squeezing a generous amount of the solution into the vertical ear canal, allowing the dog to shake her head to remove the excess fluid and wiping the visible portions of the pinnae and ear canal with a cotton ball to remove the remaining droplets. The gentian violet in the solution will stain clothing and perhaps even the dog's ear canal and fur.

TBHC TRACKING TEST MARCH 6TH

Our 10th annual combined TD/ TDX tracking test at Chatfield State Park was a success thanks to our volunteers – Jeanne Dietrich, Pam Heine, Sandy Lane and Carol braved the wintery weather and made it happen. Judges were complimentary about the great help we had this year. Thanks also to members of Denver Foothills Tracking Assoc.. Longs Peak Dog Training Club and Marc Serraveza for working both days and filling in the gaps where needed. Here is income and expense on the test and also photos of the 2 new TD's and some very cold volunteers. Judges charged us nothing! Just pure devotion to the sport. Wish we could have had at least one Basset compete this year but unfortunately that couldn't happen.

TIMBERLINE BASSET HOUND CLUB

Income and Expense
Tracking Test, Combined TD/TDX –
March 6, 2022
